

Creating a Path to Health

A special report for our most dedicated and generous supporters

FY 2013-2014 4th Quarter Report

(April 2014-June 2014)

EXECUTIVE DIRECTOR'S MESSAGE

Kimberly Parker, CFRE

Happy 30th birthday Sierra Nevada Memorial Hospital Foundation! As important as it is to recognize our board members, volunteers, donors, physicians and Hospital staff at the end of this fiscal year, we cannot forget those that led the charge to create our local Hospital Foundation. I am confident they would be very proud

of all that has been accomplished.

As we close fiscal year 2014, it is a great time to reminisce. While overall it was a good year for us, it did have challenges as well. There was an increase in the number of donors giving which was greatly appreciated. We also saw an increase in our Red Rose Society (donors willing to commit \$1,000 or more to the Hospital). And while we were a little disappointed that we did not receive a major grant as we have in the past, we made some great contacts and are hopeful this next year will be different.

It's been two years since we kicked off our Community Partner Program. We are grateful to the many businesses in our region that have collaborated and partnered with SNMHF to ensure healthcare and our Hospital are a community priority.

In April, we celebrated National Volunteer week. Volunteers are in and out of the office on a regular basis helping with everything from office work, mailings, events, phone calling and more. Ambassadors help bring the news to our community of the great things happening at SNMH. Many of our volunteers serve both the Auxiliary and as SNMHF volunteers. All of our volunteers provide the manpower we need to accomplish the day-to-day work we need to do. We would be a much different organization without their help.

It was a year we wisely utilized time, talent and treasure and for all who participated, we say thank you for helping us make a difference.

With Gratitude,

Kimberly Parker, CFRE

Executive Director

Your Donations at Work

This year, \$1,099,172 was disbursed to Sierra Nevada Memorial Hospital. What a wonderful accomplishment! We hit the \$1 million dollar target for the Imaging for Life Campaign funding equipment and an upgrade for the Interventional Radiology Suite. Other Hospital needs were also funded such as an EEG system, pumps for Nursing, a thyroid Intake System, recumbent bikes, a Stroke Life Gate, books for Read Me A Story, 106 mammograms because of the Barbara Schmidt Millar Triathlon, caregiver support classes through our Alzheimer's Outreach Program and more!

We could not have done it without you. We live in an amazing community and the true recipients of your kindness are those that will need care at SNMH today and for years to come!

THANK YOU!

Carry Canady, CFO and Katherine A. Medeiros, CEO/President from Sierra Nevada Memorial Hospital accept a check from Kimberly Parker with SNMH Foundation.

Events Benefit Imaging for Life Campaign

The Imaging for Life campaign supports advanced technology at SNMH. The following events rounded out our year of fundraising for this project. A huge thank you to Campaign Chair Dan Castles and his committee for their leadership in reaching our \$1 million dollar goal. We also appreciate our sponsors and donors for making this project possible.

Ruth and Bob Hochman enjoy the show at the Del Oro Theater.

Martinis and a Movie

Over 200 guests joined the festivities for the wildly popular Martinis and a Movie featuring *Gold Diggers of 1933* on April 30th at the Del Oro Theater. Many thanks to the following sponsors and attendees!

Atria's Passport Around the World

On June 26, guests were able to travel the world without leaving Grass Valley! Atria Grass Valley (formerly Quail Ridge) hosted a fantastic evening where guests experienced culinary delights from local restaurants as they interpreted flavors from around the world. Participating restaurants included: Summer Thymes, Ikes, Thai Kitchen, Crazy Horse, Lumberjacks as well as Atria! This wonderful fundraiser benefited the SNMH Foundation's Imaging for Life Campaign.
